Sample Statement of Financial Need

My name is Jane Doe, and I am currently a sophomore majoring in Biological Sciences at State University. I am writing to request financial assistance to support my educational pursuits. Coming from a low-income family, I have faced numerous financial challenges that threaten my ability to continue my studies without external aid. My family's annual income is approximately \$25,000, which primarily covers basic living expenses for my parents and younger siblings. My father works as a construction worker, and my mother is a part-time cashier. Despite their hard work, their income is insufficient to cover tuition fees, books, housing, and other educational expenses. We do not own significant assets, and we rely heavily on community assistance and savings. Over the past year, my family faced unexpected medical expenses due to my mother's health issues, which further strained our finances. I have been juggling part-time jobs to support myself and contribute to my family's needs, but the income I earn is not enough to cover tuition and necessary supplies. My academic goal is to become a research scientist, contributing to medical advancements. However, without financial aid, I risk having to defer or pause my education. Receiving this scholarship would enable me to focus on my studies without the constant worry of financial hardship. It would also allow me to participate in internships and research opportunities that are essential for my career development. This support would significantly impact my life by reducing financial stress and allowing me to dedicate myself fully to my education. It would bring me closer to achieving my dream of making meaningful contributions to healthcare. I am committed to maintaining academic excellence and giving back to my community in the future. Thank you for considering my application. I am hopeful that with your support, I can continue my education and work towards a brighter future.

Example of a Statement of Financial Need

Note: The following is a fictional example designed to illustrate key points. My name is Sarah Johnson, and I am currently a sophomore majoring in Biological Sciences at State University. I am applying for the XYZ Scholarship to help cover my educational expenses. Despite my dedication and hard work, my family's financial situation presents significant challenges that threaten my ability to continue my education. Growing up in a single-parent household, my mother works tirelessly as a cashier to support my two younger siblings and me. Our combined household income is approximately \$25,000 annually, which is barely enough to cover basic living expenses. Recently, my mother faced unexpected medical expenses due to a surgery, which further strained our finances and depleted our savings. Due to these circumstances, I have had to work part-time as a bookstore clerk to contribute to household expenses and cover my personal costs, such as textbooks and transportation. Balancing work and academics has been challenging, and I often find myself struggling to keep up with coursework and extracurricular commitments. Without additional financial support, I am concerned about my ability to afford tuition and remain enrolled in my program. Receiving the XYZ Scholarship would significantly ease my financial burden, allowing me to focus more on my studies and extracurricular activities related to my major. It would also enable me to participate in research opportunities and internships that are essential for my career aspirations in environmental conservation. My long-term goal is to become a research scientist dedicated to developing sustainable solutions to environmental challenges. I

am deeply committed to my education and community service, volunteering regularly at local environmental organizations. This scholarship would not only alleviate my financial stress but also empower me to continue making meaningful contributions and achieve my academic and professional aspirations. Thank you for considering my application.
