4. Swish the images in your mind—making the positive image larger and more prominent
5. Repeat until the new pattern becomes automatic

2. Challenge limiting beliefs
3. Reframe negative statements into empowering ones

4. Milton Model

Based on Milton Erickson's hypnotic language patterns, this technique is used for indirect influence and suggestion.

1. Use vague, permissive language to guide the listener
2. Embed suggestions within normal conversation
3. Facilitate subconscious change without resistance

5. Visualization

Visualization involves creating mental images of success to program the subconscious mind for achievement.
